“Spreagaigí” at WELLPARK MUSIC HUB

What is *Spreagaigí*?

This is the name of Music Generation Galway City’s small-group music learning programme. Spreagaigí means “inspire” (plural). Children and young people inspire themselves through the acquired skill of learning their chosen instrument. Suitable for 6-18 years.

So it’s like a normal music lesson?

Yes but we work in small groups, not one-to-one. When a place(s) is reserved for a student to learn their chosen instrument(s), they will be allocated to a group. There will be 2 or 3 students in each group and they will work with the same tutor every week. So they will make friends and have fun while learning music!

Where, when and how long?

Lessons take place on Tuesday and Thursday evenings from 4pm to 8pm. Children under 11 will have priority for lesson times between 4 and 6pm.

- For under 11s, classes are 30 minutes long.
- For over 11s, classes are 45 minutes long.
